ART INSTALLATION TROPHY | 2025-26

BETWEEN US

Designing the threshold between people and space

Between every individual and space exists an invisible threshold; a gap that is neither empty nor defined but activated through interaction. It is within this in-between that connections are formed, experiences are shaped, and meaning emerges.

Art installations, much like architecture, do not exist in isolation; they come alive through engagement. *Between Us* seeks to explore this relational space; where the viewer becomes a participant, and the installation becomes a mediator of interaction.

The work should capture the essence of connection: between people, between people and space, and between perception and reality. Through materiality, scale, light, and sensory engagement, transform the intangible 'in-between' into a tangible, experiential narrative.

EVALUATION CRITERIA

- Interpretation and translation of the theme.
- Expressiveness through the installation.
- Integration of diverse materials and textures.

RULES AND REGULATIONS:

- The art installation must be a **minimum of 1.5m X 1.5m** in size and the maximum height should not exceed 2m.
- Installation must carry the **Internal NASA India logo of 7cm in height**.
- Number of art installations per college: 1
- Unit Secretary + 4 delegates will be allowed in the designated area for the assembly of the installation.
- Each team will be allotted a maximum of 3 hours to install their art in the assigned spot.
- **The installation shall be completed on the first day of 68th Year Annual NASA Convention, 11th June 2026.**
- The theme of the art installation should be elaborately and creatively expressed.
- A sheet of 1xA3 landscape must be put up alongside the installation. Participants can also put up a maximum 01min video as a redirect to YouTube via the QR code on the sheet.
- The identity of the College or students of the Unit should not be revealed through the video or the sheet.
- Participants can inform the Host college of necessary requirements like electricity, beforehand for arrangements to be made via Google form: <https://forms.gle/QvWokZNmRAKForRK8>
- Participants are required to create the installation and bring it to the designated place on their own. **NASA India or host college will not provide you with any material or assistance in its transportation.**
- A letter of authentication or declaration must be carried, affirming that the work submitted is authentic and all the information included in it is precise and truthful to the best of one's knowledge.
- Any Installation on a subject and theme other than the mentioned above will be disqualified.
